MeadowLea

This Supplement is available on the World Wide Web <<http://www.mja.com.au/public/guides/fats/fats.html>>

This Supplement is an initiative of the Child Nutrition Research Centre and supported by an educational grant from Meadow Lea.

The views expressed in this Supplement are those of the authors and Meadow Lea had no input into the content.

Leading authors in this review were supported with an honorarium. Some authors received research grants from the joint GRDC/Meadowlea funding initiative. The content of this supplement was neither affected nor constrained by these facts.

Contents

Summary and recommendations	S107	Adulthood — prevention	S118
Background	S109	Cardiovascular disease	
The renaissance of fat: roles in membrane structure, signal transduction and gene expression		Paul J Nestel	S118
Gareth S Denyer	S109	Rheumatoid arthritis	
		Les G Cleland and Michael J James	S119
The role of fats in the lifecycle stages		Diabetes	
Pregnancy and the first year of life		Peter M Clifton	S120
Maria Makrides and Robert A Gibson	S111	Adulthood — treatment	S122
Toddlers to preschool		Cholesterol-lowering with plant sterols	
Jill L Sherriff	S113	Paul J Nestel	S122
The primary school years		Dietary implications	S123
Kay L Gibbons	S115	Advising patients about fat in the diet	
Adolescence and young adulthood		Catherine M Saxelby	S123
Linda C Tapsell and Marijka J Batterham	S116		

Panel of contributors

Guest editor

Robert A Gibson, PhD, Director, Child Nutrition Research Centre, Child Health Research Institute, Women's and Children's Hospital, and Flinders Medical Centre, Adelaide, SA, and Associate Professor, Department of Paediatrics, University of Adelaide

Panel members

Gareth S Denyer, BA(Oxon), DPhil(Oxon), Senior Lecturer, Department of Biochemistry, The University of Sydney, Sydney, NSW
Maria Makrides, BND, PhD, Senior Scientist, Child Nutrition Research Centre, Child Health Research Institute, Women's and Children's Hospital, and Flinders Medical Centre, Adelaide, SA, and Senior Lecturer, Department of Paediatrics, University of Adelaide, Adelaide, SA
