Baumgart SWLW, English S, Sebastian T, et al. Group A streptococcal colitis: an under-recognised entity? *Med J Aust* 2024; <https://doi.org/10.5694/mja2.52382>

In this medical education article, in the first sentence of the Discussion section, where it says "... an aerobic, β -haemolytic, gram-positive coccus", it should say "... a facultative anaerobic, β -haemolytic, gram-positive coccus". ■
